

With Gratitude

HD Community Building Project would like to
express our public gratitude to:

Mr. Pablo Cob

CEO of ICE Group

For giving us the rights to use their corporate training materials in the USA.

Norma Pérez, PhD.

Director of Career and Technical Education, Houston Community College

And

Marcelo Marini

Community Relations, Telemundo

For accepting to be part of our board of Director

It is with the support of big corporations and community leaders that small grassroots organizations such as HD Community Building Project can enhance their building capacity to continue serving the community.

Thank you for your altruistic spirit!
